

Name _____

Mannish Boy by Muddy Waters

1. Do the lyrics to the song rhyme?
2. Which changes more, the vocal melody or the guitar riff?
3. Name another instrument that plays the riff along with the guitar
4. Does the guitar ever play at the same time as the singer?
5. How can you tell that this song was recorded live?
6. The tempo of this song is *andante/moderato/allegro*
7. The change in volume throughout the song, known as *dynamic contrast*, would best be described as
 - a. Slight
 - b. Noticable
 - c. Intense
 - d. Extreme
8. Write down another sound the vocalist makes in addition to actual lyrics (this happens toward the end of the song)
9. How does the crowd respond to these nonsense syllables?

Mannish Boy, performed by The Grateful Dead

1. Is this version of the song played faster, slower, or at the same speed as the first one?
2. Are the words easier or harder to understand? Why?
3. Is the main guitar riff still present?
4. Name one instrument that plays in this version that did not play in the original version.
5. Other than the differences previously discussed, name one more major difference between the original version and this version.
